ASHBURY

Your Official Ashbury Homeowner Association Newsletter

From the Board

Submitted by Patrick Collins | HOA President

Hello Ashbury,

Fall is finally upon us. I'm so happy to see the leaves changing and looking forward to seeing all the trick-or-treaters in the coming weeks. The Board and Management have prepared a proposed 2024 Budget which has been emailed to you. If Management does not have your email, the proposed budget has been mailed to you. If you have not received the proposed budget, email Stacy at stacy@mcpmc.com and she will send it to you.

I am excited to share that we have budgeted to make some updates on the clubhouse. The plan is to replace the tile, update the carpet, new paint on the walls and install new window coverings to freshen the space up. In addition, we are replacing the current TVs with smart TVs which allow renters of the clubhouse to easily connect their laptop along with allowing you to access your favorite streaming app. Along with the TV system, we are adding an additional Sonos unit to play your favorite music for your guests with your phone or the Ashbury HOA's iPad either in the smaller room or both rooms at the clubhouse. This upgrade will streamline the use of the TV's, so there will be no technical issues when using the space. We plan to hopefully have these upgrades done by January 2024.

The Board is also discussing the possibility of increasing rental rates for the clubhouse from \$125 to \$150 on weekdays and \$150 to \$200 on weekends. This raise will help with the renovations.

I know it's a little early, but I would like to touch on some improvements we are planning to make at the pool next summer. For the summer of 2024, we will be adding 30 new chaise loungers at the pool which will be a new model from previous years. These new chairs will be a couple of inches taller than the current ones to make it easier to sit on. We will still have the current chaise loungers and will take about 3 years to replace current chaise loungers with a newer model. We will also be adding 3 umbrellas to provide shade for those looking to just lay out at the pool. We have decided to make these changes based on feedback we have received from residents from the past pool season. The board is always interested to hear from you to make the pool a better place for our residents to cool off in the summertime.

Another piece of good news I would like to share is that our reserves in 2024 are expected to grow to 651K, which is more than what was predicted in the reserve study done in 2021. We expect to need 65K in 2025 to be able to stain the perimeter fence around Ashbury to freshen it up, which is done every 4 to 5 years. As a result, we are in a great financial position and we expect the annual assessment to stay at \$650.

I want to take a moment to thank all the Ashbury Directors. Each one puts in hard work to keep our neighborhood running and foster the community. They have made Ashbury one of the most desirable neighborhoods to live in in Naperville. That's proven with the record home prices.

As always, anyone is welcome to come to a board meeting and provide feedback. We are always looking to improve. Our next board meeting will be on November 20, 2023 at 7 pm at the clubhouse. I look forward to seeing you there.

HOLIDAY MAGIC in Ashbury!

The most wonderful time of the year will soon be here!

Let's make Ashbury the talk of the town by decorating our parkway trees in the traditional **RED** and **GREEN** holiday lights.

Find your street on this map and join in with your friends and neighbors to celebrate the season.

Though we love professional displays at botanical gardens or downtown Naperville, there's something extra charming about an off-the-beaten-path neighborhood display — especially ours!

Well-decorated streets and neighborhoods are often quiet and cozy, and remind us of what the holiday season is all about.

Making your own pump-cculent (pumpkin + succulents + hot glue + nature) is a great fall activity to do with friends and family.

Enjoy autumn's splendor by hunting for natural accents outdoors, picking out mini pumpkins, and designing your own "gourdgeois" pump-cculents to add to your fall décor. They make great gifts, too. Here's our recipe for your own DIY success.

PUMP-CCULENT SUPPLIES

- Several pumpkins and/or gourds of varying sizes, colors, and shapes
- Moss
- Various perennial or annual succulents and sedums
- Dried leaves, grass stalks, acorns, pinecones, Peony pods, Baptisia pods, Milkweed pods, dried Hydrangea or other dried flowers
- Hot glue gun and sticks
- Clear coating (optional) and paintbrush (or sponge brush)

Prep

Clean the pumpkins off and shorten or remove the stems without cutting into the pumpkin. Make sure your pumpkin or gourd is clean, dry, and room temperature before clear coating or attaching accents. Though optional, applying a clear coating will protect the pumpkins, give them a shiny exterior, and help keep them beautiful through Thanksgiving.

Glue

Use a hot glue gun to adhere your moss into the indent of the pumpkin top where the stem was removed. On top of the moss is where you attach all of the succulent plants and dried goods.

Cut off succulent parts to adhere to the pumpkin or gourd. Remove any soil and apply glue to the roots or cut ends. Center the larger piece before adding more natural accents around the focal point. You do not need a set image in your head of what the arrangement will look like. Keep adding plants and dried goods until you like how it looks.

Pump-cculent Care

You don't have to do much. You can lightly mist the plants every once and

awhile (no more than once a week) but to be honest, we usually just make them and forget about them. Keep out of direct sunlight for the pumpkin to last. Gourds do tend to last longer than pumpkins as their exterior shell is usually tougher. With no puncture wounds in your pumpkin or gourd, and succulents requiring very little water, your living fall decoration can last all season. We recommend setting the pumpkin on a plate instead of directly on a porous surface.

Adorable Adoptable Pets of the Month...

REX | Male | Large Breed Mix | 4/22/22 | 61 Lbs. | Adoption fee: \$300

Affectionate, Playful, Smart, Exuberant, High Energy, People Friendly, Dog Friendly

Hi everyone. My name is Rex, and if you're looking for a handsome, loving big guy who promises to stick right by your side through all of life's ups and downs, then your search is over! The people at NAHS have been so good to me since I arrived, but I dream of having a home of my own, where I can de-stress and let my happy personality shine.

So here are a few things you'll want to know about me. I'm everyone's friend—humans and canines alike. I have a real zest for living and am always ready for walks, jogs, and playtime. I'm told I need some work on impulse control. But as I'm very easy train using food or toys, just provide me with consistency, and I'll become the most reliable pooch you could ask for. Finally, did you notice how long my tongue is? All the better to give you endless kisses, as I try to snuggle in as close as possible for pets and belly rubs. *In closing, I'm a smart, athletic pooch who will thrive in an*

active home that gives me an opportunity to use my brains and vigor. Could that be yours? I sure hope so! Thank you for considering me.

OATMEAL & MAPLE SYRUP | Male & Female (Bonded) | Est. DOB 4/16/23 | Adoption fee: \$225

Hi! My name is Maple Syrup and my brother is named Oatmeal. We are special kitties in many ways. We are super playful, affectionate, purr the second you enter the room and love lots of attention. We are also special because we were born with Cerebellar Hypoplasia. Some people refer to it as "wobbly cat" syndrome. Our mother got sick before we were born and our cerebellums didn't fully form. All this means is that we have some problems with our motor skills. It's very important to note that we are fully capable of feeding ourselves and using our litter box without issue. My condition is considered mild and although I may have a slightly unsteady gait, I can do most anything any other cat can do. My brother is considered moderate and he can do most things, even sometimes pulling himself up onto low furniture or toys, but he cannot jump up on things and has a more pronounced wobbliness. We are perfectly normal in every other respect. We enjoy the same things all other kittens do and our life expectancy is the same as well. We both love to be held, snuggle on your lap and enjoy a good belly rub. We are very bonded and need to be adopted together. Our ideal home would be on one level or have limited stairs or stairs that could be gated. Wall-to-wall carpeting would be

perfect for us, but if you have hard surface flooring, large area rugs in our primary living areas would work too. This really helps us have good traction when getting around. Because the shelter is not designed to provide the type of living environment we need, we are available for adoption by appointment only. Our foster mom created some adaptive accessories to make eating and using the litter box easier for us and these items will go with us when we find our forever home. Please make an appointment today to meet us and fall in love!

MENTORING OPPORTUNITY with homeless families through Families Helping Families & Bridge Communities

FAMILIES HELPING FAMILIES is an amazing group of volunteers, and we are hoping to serve more homeless families which means we need more mentors. Our mentors come from all walks of life, and we will provide the training you need.

It is a big commitment. You would spend at least two hours a week with your FHF family for a minimum of two years. This means sitting across the kitchen table helping with time management, budgeting, parenting, etc. Goals include obtaining more education and becoming financially secure enough to rent or buy a home by the time they finish the program. The program is really a blessing for these families.

We would pair you with a mentor partner (or you can mentor with a friend and one of our senior mentors to help you get started.)

Please contact Vicky Joseph (Founder) if you'd like to explore mentoring at vicky.m.joseph@gmail.com or contact her at 630-207-0601 or Suzanne Thibeault (Executive Director) at SThibeault.fhf@gmail.com or contact her at 630-484-4421.

OYSTERS ARE A DELICACY WORTHY OF YOUR HOLIDAY TABLE

It's holiday time, so why not splurge on a delicacy that is delightful and nutritious, though pretty expensive. Oysters are a holiday tradition in many families and well worth the price tag, whether you opt for oysters on the half shell, scalloped oysters or oyster stew.

Technically speaking, oysters are bivalve mollusks. They eat by pumping water through their bodies, a feat they manage at the rate of 20 quarts an hour.

In less educated times, we were told to avoid shellfish because of their high fat and sea salt content. Today we know that the fat in oysters, omega-3 fatty acid, is very good for the heart.

Omega-3s strengthen the heart, enabling it to beat soundly. They lower blood pressure, cholesterol, and reduce the tendency of platelets to stick together, say doctors in the Honolulu Heart Program.

In addition to protecting the heart, oysters are rich in vitamin B-12, which the body uses to keep nerves healthy and make red blood cells. When B-12 levels are low, memory loss, confusion, slow reflexes, and fatigue can occur. Just six oysters contain about 27 milligrams of B-12, about 181 percent of the daily value. Oysters also have magnesium, potassium, and vitamin C. Below is a great holiday oyster recipe which I'm sure will be a great delight.

Oysters au Gratin

Pat 2 pints shucked oysters until dry. In a skillet, cook them in 1 tablespoon of margarine for 3 to 4 minutes or until the edges curl. Drain. Transfer to a casserole dish.

In the same skillet, cook 1 cup mushrooms and 1 clove minced garlic in 2 tablespoons margarine until tender. Stir in 2 tablespoons flour. Add 3/4 cup milk. Cook and stir until thickened. Stir in 1/4 cup dry white wine, 2 tablespoons snipped parsley, 1/2 teaspoon Worcestershire sauce, and spoon over oysters.

Mix 3/4 cup soft bread crumbs with 1/4 cup grated Parmesan cheese and 1 tablespoon melted butter. Spoon over the sauce and bake at 400 degrees just until crumbs are brown.

Shop Smart

Whether you shop online or in person this holiday season, the Naperville Police Department wants to remind everyone to be safe. When shopping online make sure to:

- **USE FAMILIAR WEBSITES:** Start at a trusted site rather than shopping with a search engine. Beware of misspellings or sites using a different top-level domain (.net instead of .com, for example).
- **USE CREDIT CARDS AND SECURE PAYMENT SERVICES INSTEAD OF DEBIT CARDS:** Credit cards and secure payment services are safer than debit cards and offer consumers additional protection when shopping online.
- **LOOK FOR THE LOCK:** Never use your credit card to buy anything online from a site that doesn't have SSL (secure sockets layer) encryption installed. An SSL site will start with HTTPS:// (instead of just HTTP://).
- **NEVER USE PUBLIC WI-FI TO MAKE PURCHASES:** One of the biggest risks associated with using public Wi-Fi is that it can be unsecured and vulnerable to attack.
- **CHECK BANKING STATEMENTS:** Go online regularly during the holiday season and look at electronic credit card, debit card and checking account statements for fraudulent charges.
- **USE STRONG PASSWORDS:** Use a unique password for each of your accounts.

After shopping online consider these tips when having packages delivered to your home.

- **SCHEDULE PACKAGES TO ARRIVE WHEN YOU'RE HOME:** Have your orders delivered on days that you are home. Many shipping companies allow you to request a delivery time or time frame.
- **TRUSTED NEIGHBOR:** Enable a trusted neighbor to pick up packages shortly after they are delivered.
- **ENABLE NOTIFICATIONS SENT TO YOUR SMARTPHONE:** Receive tracking alerts and delivery information to quickly retrieve your package once it's delivered.
- **REQUIRE SIGNATURE FOR DELIVERY:** When you want to be sure important or valuable items are not left unattended.
- **HAVE PACKAGES DELIVERED TO ANOTHER LOCATION:** Consider alternative delivery locations such as a workplace or office, a family member, neighbors or smart lockers.
- **LEAVE DELIVERY INSTRUCTIONS:** Request your packages be placed in a less conspicuous spot, such as a side or back door or behind a planter, or a location not visible from the street.

When shopping in store make sure to:

- **BE AWARE OF YOUR SURROUNDINGS:** Know what is going on around you and pay attention to your surroundings. Put your

cell phone away and trust your intuition if something doesn't look or feel right.

- **GUARD YOUR PURSE/WALLET:** Always keep your purse closed and close to your body, wearing across your body if possible. Never leave a purse on the back of a chair or unattended in your shopping cart.
- **BE SMART WITH CASH AND CREDIT CARDS:** Avoid carrying large amounts of cash and leave credit cards that you never use at home.
- **BE READY:** Walk with confidence and purpose and have your keys ready before you get to your vehicle. Don't overload yourself with packages, keeping your hands free.
- **LOCK IT OR LOSE IT:** Don't forget to lock your vehicle, keeping any valuables at home or out of sight by placing them in the trunk or using stow-and-go seating before arriving at your destination.

For more information on shopping safety this holiday season, visit <https://www.naperville.il.us/ASaferNaper>.

Reviews from my Clients

"We came to Tamara after being with a previous agent and it was the BEST decision we made. She SOLD our house in ONE DAY! We Highly Recommend her to anyone"

★★★★★

"Tamara is the BEST! Not only is she a professional at what she does; she is the most conscientious caring and honest person I have ever met. My home was on the market with another agent for months who did not market very well. When we switched realtors our experience was completely different. With a few changes and staging our home we had better offers and her level of care and attention to detail was phenomenal. I could call Tamara up anytime and she was always available."

★★★★★

"Tamara is Epitome of professionalism. She does her research and brings enormous knowledge and expertise to a home seller. She walks a client through details of a home sale with enthusiasm and positive thinking. She will stage your home & home photography will be outstanding. Through Tamara's guidance I had three offers in 4 days I cannot thank her enough. I cannot thank her enough. She is wonderful Realtor and Great Person to know"

The market is shifting, is your broker shifting with it?

Terri Christian

Here is why you hire her:

I absolutely recommend Terri to anyone and everyone who is looking to buy or sell! We have now enlisted her services for both and she is just amazing! Most recently she helped us sell our house and not only did we receive top-dollar for it, which is what everyone hopes for, but we received such by and through a very solid offer which she taught us how to understand was the most solid and best offer! She is just so knowledgeable on the entire process from what catches a buyers eye to take a look at your house, to what the right sale price is based upon comparables in the area, to when and how to respond to each offer so as to place and keep you in the best negotiating position. Not to mention, her responses are more timely than you could ask for! And during the stress of buying and selling, that is worth it's weight in gold! Trust me, Terri is who you want. Period.

Why reach out to Terri?

- She works with your local @properties Christie's International Real Estate brokerage right within your neighborhood and understand the local market.
- She has marketing strategies superior to the competition, top-notch negotiation skills, and so much more.
- She offers hands-on, personalized service, giving you the attention, you deserve.
- The market is shifting, and now more than ever you need a strong real estate company with cutting edge tools to represent you! We'd love to show you the @properties Christie's International Real Estate difference.
- The process begins sometimes months before listing a home or starting to search for a new home...the time to prepare is now!

When and Why we Fall Back for Daylight Saving Time

Millions of Americans will turn back their clocks in November, marking the end of daylight saving time in 2023.

The controversial practice of "springing forward" and "falling back" has been observed in most states for decades. Under the current daylight saving time period, most Americans lose an hour of sleep on the second Sunday of March and gain an hour the first Sunday of November.

So why do we "fall back" and "spring forward"? Here's what to know about the origins of daylight saving time. When does the time change? When will we "fall back"? Daylight saving time ends November 5 at 2 am. We will "fall back," turning our clocks back to 1 am, gaining an extra hour of sleep.

Why do we have daylight saving time? Daylight saving time was introduced in the United States in 1918 with the Standard Time Act, which was meant to lower fuel costs during the First World War. The law also established a standard time and allowed the federal government to create five time zones.

The government stopped observing daylight saving time after World War I ended, but reimplemented it during World War II. Congress decided to make daylight saving time permanent for two years from 1973 to 1975, extending the hours of daily sunlight to conserve energy during the oil embargo crisis. However, the law was repealed in 1974 for being unpopular and ineffective.

In 1966, Congress passed the Uniform Time Act, standardizing the length of daylight saving time. The dates we use to observe daylight saving time today – starting on the second Sunday of March and ending on the first Sunday of November – were established in 2005 when Congress amended the Act.

According to the Department of Transportation, daylight saving time saves energy, prevents traffic injuries and reduces crime.

Who created daylight saving time? Benjamin Franklin is often credited with first proposing daylight saving in his 1784 essay, "An Economical Project."
